

## Caring for your new Wrap!

### Wash Regularly

Wash whenever the car appears dirty. Contaminants allowed to remain on the graphic may be more difficult to remove during cleaning. • Rinse off as much dirt and grit as possible with a spray of water. For spot cleaning (bird droppings, tar, etc.) Use a wet, non-abrasive detergent and a soft, clean cloth or sponge. • Rinse thoroughly with clean water. To reduce water spotting, immediately use a silicone squeegee to remove water and finish with a clean microfiber cloth.

*Wrapmate does not recommend Pressure Washing or Automated Car Washes. This could void any warranty with Wrapmate and Wrapmate Pro Shops.*

### Fuel Spills

Wipe off immediately to avoid degrading the vinyl and adhesive. Then wash, rinse and dry as soon as possible.

### Store Indoors or Under Cover Whenever Possible

Vinyl graphics (just like paint) are degraded by prolonged exposure to sun and atmospheric pollutants, particularly on the horizontal surfaces such as hood, trunk lid and roof. Whenever possible, store in a garage or at least in a shaded area during the day. At night protect the car from dew or rain, which may contain acidic pollutants (a common problem in many large metropolitan areas). When a garage is not available, consider using a cloth car cover at night. If your graphics start to discolor or turn brown, immediately contact your wrapmate account manager.

### Difficult Contaminants

Soften difficult contaminants such as bug splatter, bird droppings, tree sap and similar contaminants by soaking them for several minutes with very hot, soapy water. Rinse thoroughly and dry. If further cleaning is needed, contact your Wrapmate Account Manager for recommendations. Do not use rough scrubbing or abrasive tools which will scratch film. Wash and rinse off all residue immediately.

### Film Restoration

Do not use any abrasive polishes or cutting compounds. • Do not use any polishing or wax products on matte or textured films. • If there is wax or wax residue on the surface, remove with an all-purpose cleaner. If you notice fading or dullness appearing on your wrap please send pictures to your account manager for immediate assistance.

For further questions or aftercare product recommendations please contact Brian Kummer your Wrapmate Account Manager by email [brian@wrapmate.com](mailto:brian@wrapmate.com) or phone 720-575-8696.
